Welcome to the Second Edition

We are launching the second edition of a **series of OSCE Master Classes in Reproductive Endocrinology & ART** — a case-based, exam-focused programme designed to improve real clinical thinking. Built for young gynaecologists and students, it turns theory into the structured, confident decision-making that both examiners and patients expect.

Real clinical scenarios

Structured exam approach

ART & infertility focused learning

Practical decision-making skills

THE PHILOSOPHY

*Stop memorizing.
Start thinking clinically.*

*From theory to
real ART practice.*

*Train your mind like
a fertility specialist.*

*OSCE is not an exam.
It is a skill.*

Second Edition, November 2026. Eight one-hour sessions, two per month, with 32 structured OSCE stations, virtual case presentations, model answer sheets and a certificate at the end of the course.

Why This Programme?

Clinical excellence is not achieved by reading textbooks alone. It is developed through observation, communication, decision-making, procedural skills, and the ability to apply knowledge in real-life clinical situations.

The Objective Structured Clinical Examination (OSCE) has emerged globally as one of the most effective methods of assessing and developing these competencies.

While OSCE training is well established in many medical specialties worldwide, there remains a significant gap in structured OSCE education within Reproductive Medicine, IVF, Reproductive Endocrinology, Andrology, Embryology, and Fertility Sciences in India.

“Our goal is simple: to create confident, clinically competent fertility professionals who can excel not only in examinations but also in real-world patient care.”

PROGRAMME AT A GLANCE

8**sessions***one hour each, 2 per month***32****OSCE stations***4 per session, 15 min each***INR 3,000****registration***students, complete course***Virtual****case presentations***plus model answer sheets***30 PDFs****complimentary***on burning issues***Certificate****on completion***hybrid OSCE option after*

IDEAL FOR

- DGO
- DNB
- MD
- FRM Students
- Exam-going Candidates
- Young Consultants
- Fertility Professionals

Comprehensive Curriculum

REPRODUCTIVE ENDOCRINOLOGY

- Ovarian reserve assessment
- Recurrent implantation failure
- Recurrent pregnancy loss
- Fertility preservation
- ART counselling
- Poor ovarian response management
- Hyperprolactinaemia
- Thyroid disorders in fertility
- Premature ovarian insufficiency
- Menopausal transition
- Hormonal interpretation

IVF & ASSISTED REPRODUCTION

- Stimulation protocols & trigger strategies
- Ovum pickup & embryo transfer
- OHSS prevention & management
- Cycle monitoring
- Troubleshooting IVF cycles

CLINICAL EMBRYOLOGY

- Gamete handling & fertilization
- Embryo grading & blastocyst evaluation
- Cryopreservation techniques
- Laboratory quality control
- Time-lapse embryo assessment

ANDROLOGY

- Semen analysis & male infertility workup
- Sperm preparation techniques
- Advanced sperm selection
- DNA fragmentation interpretation

FERTILITY SURGERY & GYNAECOLOGY

- Laparoscopy & hysteroscopy instruments
- Endometriosis & tubal pathology
- Fibroids, polyps, Müllerian anomalies
- Uterine cavity assessment

FETOMATERNAL MEDICINE

- High risk pregnancy
- Early pregnancy scan
- Level 2 USG

Programme Structure

8 one-hour sessions (two per month), each with **4 OSCE stations** of 15 minutes — **32 OSCE stations** in total.

SESSIONS

8

1 hour each, 2 per month

STATIONS PER SESSION

4

15 minutes each

OSCE STATIONS

32

in total

WHAT THE COURSE INCLUDES

- ✓ 8 one-hour sessions (2 per month) with 32 OSCE stations
- ✓ Virtual case presentations
- ✓ Model question and answer sheets
- ✓ Access to reading material and videos
- ✓ Certificate at the end of the course
- ✓ Option of hybrid OSCE courses after course completion

COMPLIMENTARY

Deep-dive curated reading material and videos to consolidate each station's learning.

30 PDFs on burning issues in reproductive medicine.

ELIGIBILITY

DGO, DNB, MD, FRM

Students preparing for examinations are especially welcome.

REGISTRATION FOR STUDENTS

INR 3,000

*for the complete course
8 sessions (2 per month), 32 OSCE stations*

Schedule - Edition 2

Dates of all 8 sessions of the Second Edition of the OSCE Master Classes. Each session is one hour long with 4 OSCE stations.

SESSION 1	4 November <i>Wednesday, 2026</i>	SESSION 2	18 November <i>Wednesday, 2026</i>
SESSION 3	9 December <i>Wednesday, 2026</i>	SESSION 4	30 December <i>Wednesday, 2026</i>
SESSION 5	13 January <i>Wednesday, 2027</i>	SESSION 6	27 January <i>Wednesday, 2027</i>
SESSION 7	10 February <i>Wednesday, 2027</i>	SESSION 8	24 February <i>Wednesday, 2027</i>

Two sessions per month, each with 4 OSCE stations of 15 minutes. Register now on WhatsApp to secure your place in the batch.
